

Regulator 23 & Cox CXO300

OUTBOARD

Model: Regulator 23	Total Horsepower: 300hp	Dry Engine Weight (kg): 399	Number of Engines: 1
Displacement: 4,367cc	Shaft Length: 30	Gear Ratio: 1.46	Peak Torque (N.m): 683
Fuel Type: Diesel			

PROPELLER

Model: Unknown	Number of Blades: 3	Pitch: 19"	Diameter: 15.6"
----------------	---------------------	------------	-----------------

VESSEL

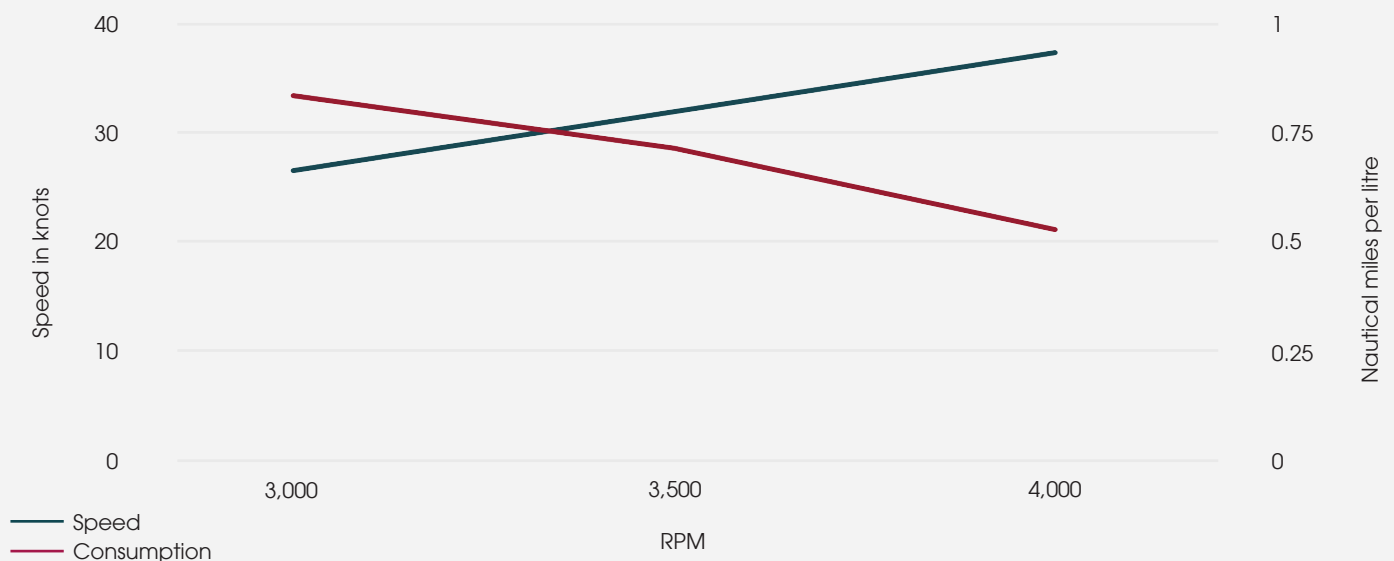

Manufacturer: Regulator	Model: 23
Type: Centre Console	Optimised for: All round
LOA (m): 7.1	Beam (m): 2.55
Year: 2020	Fuel Capacity (L): 560
Maximum HP Rating: 300hp	Hull Material: GRP
Dry Weight (kg): 3,230	Weight as Tested (kg): 4,150

PERFORMANCE

	3,000	3,500	4,000
RPM	3,000	3,500	4,000
Speed in knots	26.7	32.1	37.5
Litres per hour	31.8	44.7	70.4
NM per litre*	0.8	0.7	0.5
Range in NM**	423	362	268
Powerhead Torque***	657	613	540

BOAT SPEED AND CONSUMPTION

Engines information is offered solely as an indication of performance and efficiency statistics of the relevant outboard engine(s). Cox Powertrain offers no guarantee of performance figures on any vessels.

*Combined fuel burn of all engines **Range based on 90% of fuel capacity ***Torque figures are given per engine
